SF HEALTH SURVEYS (ALL VERSIONS)

The rates for the family of SF instruments are stipulated by the company that holds the copyright (QualityMetric), therefore the external and internal IMIM Foundation rates will be the same. The fee is calculated for each study considering several parameters, such as: the type of promoting entity (public or private), the number of participants, the number of administrations, the type of administration (paper, telephone or digital platform), the required language versions, and the period of study.
